

SCOUT - Silicon AFM probes			Price per pack (EUR) 10 probes per pack		
Mode	Product name	Description	1 pack	5 packs	10 packs
Tapping / Intermittent- contact / Non-contact modes	SCOUT 350	AC mode silicon AFM probes without reflective coating	310	264	233
	SCOUT 350 RAl	AC mode silicon AFM probes with Al reflective backside coating	322	273	241
	SCOUT 350 RAu	AC mode silicon AFM probes with Au reflective backside coating	356	303	267
Soft Tapping / Intermittent-contact / Non-contact modes	SCOUT 150	AC mode silicon AFM probes without reflective coating	310	264	233
	SCOUT 150 RAl	AC mode silicon AFM probes with Al reflective backside coating	322	273	241
	SCOUT 150 RAu	AC mode silicon AFM probes with Au reflective backside coating	356	303	267
Soft Tapping / Intermittent-contact / Non-contact / Force Modulation modes	SCOUT 70	AC mode silicon AFM probes without reflective coating	310	264	233
	SCOUT 70 RAl	AC mode silicon AFM probes with Al reflective backside coating	322	273	241
	SCOUT 70 RAu	AC mode silicon AFM probes with Au reflective backside coating	356	303	267
SCOUT SS - Super-sharp silicon AFM probes			Price per pack (EUR) 10 probes per pack		
Mode	Product name	Description	1 pack	5 packs	10 packs
Tapping / Intermittent- contact / Non-contact modes	SCOUT 350 SS	AC mode silicon AFM probes with a super-sharp tip and without reflective coating	724	651	579
	SCOUT 350 SS RAl	AC mode silicon AFM probes with a super-sharp tip and Al reflective backside coating	735	662	588
	SCOUT 350 SS RAu	AC mode silicon AFM probes with a super-sharp tip and Au reflective backside coating	770	693	616
Soft Tapping / Intermittent-contact / Non-contact modes	SCOUT 150 SS	AC mode silicon AFM probes with a super-sharp tip and without reflective coating	724	651	579
	SCOUT 150 SS RAl	AC mode silicon AFM probes with a super-sharp tip and Al reflective backside coating	735	662	588
	SCOUT 150 SS RAu	AC mode silicon AFM probes with a super-sharp tip and Au reflective backside coating	770	693	616
Soft Tapping / Intermittent-contact / Non-contact / Force Modulation modes	SCOUT 70 SS	AC mode silicon AFM probes with a super-sharp tip and without reflective coating	724	651	579
	SCOUT 70 SS RAl	AC mode silicon AFM probes with a super-sharp tip and Al reflective backside coating	735	662	588
	SCOUT 70 SS RAu	AC mode silicon AFM probes with a super-sharp tip and Au reflective backside coating	770	693	616
SCOUT HAR - High-aspect-ratio silicon AFM probes			Price per pack (EUR) 10 probes per pack		
Mode	Product name	Description	1 pack	5 packs	10 packs
Tapping / Intermittent- contact / Non-contact modes	SCOUT 350 HAR	AC mode silicon AFM probes with HAR tip and without reflective coating	781	703	625
	SCOUT 350 HAR RAl	AC mode silicon AFM probes with HAR tip and Al reflective backside coating	793	714	634
	SCOUT 350 HAR RAu	AC mode silicon AFM probes with HAR tip and Au reflective backside coating	827	745	662
Soft Tapping / Intermittent-contact / Non-contact modes	SCOUT 150 HAR	AC mode silicon AFM probes with HAR tip and without reflective coating	781	703	625
	SCOUT 150 HAR RAl	AC mode silicon AFM probes with HAR tip and Al reflective backside coating	793	714	634
	SCOUT 150 HAR RAu	AC mode silicon AFM probes with HAR tip and Au reflective backside coating	827	745	662
Soft Tapping / Intermittent-contact / Non-contact / Force Modulation modes	SCOUT 70 HAR	AC mode silicon AFM probes with HAR tip and without reflective coating	781	703	625
	SCOUT 70 HAR RAl	AC mode silicon AFM probes with HAR tip and Al reflective backside coating	793	714	634
	SCOUT 70 HAR RAu	AC mode silicon AFM probes with HAR tip and Au reflective backside coating	827	745	662
SPARK - Conductive AFM probes			Price per pack (EUR) 10 probes per pack		
Mode	Product name	Description	1 pack	5 packs	10 packs
Electrical modes KPFM / EFM / PFM / CAFM	SPARK 350 Pt	Conductive AFM probes with platinum coating both sides	419	356	315
	SPARK 150 Pt	Conductive AFM probes with platinum coating both sides	419	356	315
	SPARK 70 Pt	Conductive AFM probes with platinum coating both sides	419	356	315
